Volleyball Rules

One game is played to 25 points with a 2 point advantage. Rally scoring will be used.

There will be a 15 minute time limit on the games.

Eight players will play on the court at a time, with the eighth player rotating off the court and the next player in line rotating in.

The serving team is determined by a coin toss between captains. The winning team may choose to serve or pick which side to be on.

The ball is served from the back right corner of the court. The server must stay behind the end line while serving except for small 5th and 6th graders. This shall be determined by the official.

A point is scored on each volley, whether to the serving team or the receiving team, depending on who wins the point.

A team gaining the serve must rotate before beginning the serve.

Only one serve is allowed and it must land in-bounds. If it touches the net, it is a point for the other side.

FOULS: touch the net, reaching over or under the net and touch an opponent while the ball is in play, to step over the center line.

The penalty for a foul is the loss of the ball for the side serving and a point for the other side.

Holding or throwing the ball while it is in play is a foul. The play must be a distinct batting of the ball.

A player may not play the ball twice in succession.

A ball may be played a maximum of 3 times by anyone on the team before going over the net.

A ball touching the line is considered in-bounds.

The ball may be hit in any manner with the hand, but no other part of the body.

When two opponents hit the ball simultaneously out of bounds, the point is played over.

You may not be over the net to spike the ball, however, **you may block over the net**, but may not touch the net.

Softball Rules

A toss of a coin will determine home and visitor.

Captains must submit a batting lineup card to the official.

We will play 3 innings.

We will have a 15 run rule after 2 innings.

All members of the team must bat and must play the field.

All defensive players must remain behind the pitcher until the ball is hit by the batter.

The batting team supplies their own pitcher.

If the ball hits the pitcher, play should continue. The pitcher must make a reasonable attempt to get out of the way of the ball or the fielder trying to make the play. The official will determine if a reasonable effort was made.

There are no balls or strikes.

Three outs retire the side.

Three foul balls and the batter is out.

The pitch must be underhanded and at a moderate speed. An arc of at least 3 feet but no more than 12 feet high.

NO CLEATS

Base stealing is not allowed.

You may not lead off the base. You may leave once the ball crosses home plate.

NO SLIDING. This is for safety reasons.

A bunt must travel at least six feet in order to be a fair ball, otherwise it is a foul ball.

Runners may advance one base on an overthrow that is out of play.

The basepath is an imaginary line three feet to either side of the direct line between the bases. You may not run out of the basepath to avoid being tagged by a player. You may run out of the basepath as long as no play is being made on you.

A batter may overrun first base provided no attempt is made to proceed to second base. If you turn towards second, one would assume that you are going, so you may be tagged out. This is up to the official's discretion.

A player is out in the following instances:

1. When a fielder catches the ball before it touches the ground
2. If the foul ball is caught behind the plate, if the ball is fouled off higher than the batter's head.
3. When the batted ball is thrown to the base before he arrives on a force out.
4. If he fails to tag up after a fly ball is caught.
5. Running out of the basepath to avoid being tagged.
6. If touched by the ball in the hand of a fielder while not in contact with a base. In the case of being tagged with the glove, the ball must be in the glove when the tag is being applied.
7. If hit by a batted ball while off the base in fair territory.
8. If you pass the runner ahead of you.

Field Day Events

Musical Chairs

Members chosen from each team, usually the seniors, compete for a chair when the music stops. Two chairs are tubs of water. Chairs are removed each round until only tubs are left. In the case of two captains that are boys, they are allowed to do the chairs. If we have three captains, all teams will put in three participants, etc....

Tug-O-War

This event will be held over the water pit. Each member takes grasp of the rope behind the ribbon and at the signal begins to pull. A team loses when its ribbon is pulled over the center of the pit. The last person in line may not wrap the rope around their body. If the teams are equal in number, no one has to drop-off before a pull. If one team has more people than the other, the team with more players has to drop-off the appropriate amount and age group of the missing players.

Relays (Thursday A.M.) Sack race, three-legged race, ball and spoon (possibly).

Water Balloon Toss

One large balloon for each team. The teams line up behind the boundary line. Each person in line throws to the catcher and goes back to the end of the line. The catcher, after having thrown to each person in line, waits for the other teams to finish. The catcher is then moved back and the tossing continues until the last balloon is busted. We will have a separate MS water balloon toss that will take place before the US balloon toss.

Glass Hill

Each team tries to get as many players up Glass Hill before the time limit expires. Two people may climb at a time. You may not grasp the plastic to help yourself. All shoes, watches, and jewelry must be taken off for this event. You may not get a running start and your hands and feet must be in contact with the plastic as you go up.
