FUN RUN

Ready, Set, Run! Heritage Fun Run A success!

We would like to thank all participating students, teachers, donors and volunteers for making The Heritage Fun Run a great success.

This was The Parents' Club major fundraiser of the year. Students were encouraged to ask, family, and friends to sponsor them.

Students in grades EC-6th participated in the fun, active event with music, a warm-up, and students running, jogging or walking around the track while volunteers counted their laps. Students were encouraged to train by running at recess, or with their families, and to set a personal goal for laps ran.

This was The Parents' Club first year undertaking "The Heritage Fun Run". Thank you to the volunteers who organized, set up the track, cheered, and handed out water.

Funds collected will purchase and maintain **state of the art technology equipment**. The funds raised from the past runs were dedicated to purchasing digital projectors and **SMART BOARDS** for classrooms which can be seen being used in many classrooms, as well as the Media Center.

SMART BOARDS are interactive white boards which allow teachers to interactivity show lesson plans and enables students to be directly involved in the lessons. Students benefit from the visual and audio advantages the **SMART BOARD** lessons offer, and students are eager to participate.
